

Table of contents

1.	Introduction	1-1
2.	Description of the Project	2-1
2.1	Project Overview	2-1
2.2	Mine Site Details	2-3
2.3	Ongoing Evaluation and Exploration Activities	2-8
2.4	Rationale for Mine Design and Operational Features	2-9
2.5	Capital Investment	2-15
2.6	Production Schedule	2-16
2.7	Mine Infrastructure	2-34
2.8	Coal Handling and Processing	2-36
2.9	Pre-construction	2-44
2.10	Mine Construction	2-45
2.11	Mine Commissioning and Operation	2-56
2.12	Mine Water Management	2-70
2.13	Offsite Infrastructure	2-96
2.14	Hazardous Materials	2-104
2.15	Mine Decommissioning and Rehabilitation	2-105
3.	Climate, Natural Hazards and Climate Change	3-1
3.1	Introduction	3-1
3.2	Description of Environmental Values	3-1
3.3	Potential Impacts and Mitigation Measures	3-15
3.4	Summary	3-23
4.	Land	4-1
4.1	Scenic Amenity and Lighting	4-1
4.2	Topography, Geology and Soils	4-16
4.3	Land Contamination	4-76
4.4	Land Use and Tenure	4-85
5.	Nature Conservation	5-1
5.1	Introduction	5-1
5.2	Description of Environmental Values	5-10
5.3	Potential Impacts and Mitigation Measures – Construction	5-95
5.4	Potential Impacts and Mitigation Measures – Operation	5-114

5.5	Potential Impacts and Mitigation Measures – Rehabilitation	5-159
5.6	Summary	5-159
6.	Water Resources	6-1
6.1	Introduction	6-1
6.2	Description of Environment Values	6-31
6.3	Description of Environmental Values – Offsite Infrastructure	6-94
6.4	Potential Impacts and Mitigation Measures – Onsite Activities	6-97
6.5	Potential Impacts and Mitigation Measures –Offsite Water Extraction	6-120
6.6	Summary	6-125
7.	Air Quality	7-1
7.1	Introduction	7-1
7.2	Description of Environmental Values	7-5
7.3	Potential Impacts and Mitigation	7-24
7.4	Summary	7-43
8.	Greenhouse Gas Emissions	8-2
8.1.	Introduction	8-2
8.2.	Description of Environmental Values	8-3
8.3.	Potential Impacts and Mitigation Measures	8-5
8.4.	Summary	8-10
9.	Noise and Vibration	9-1
9.1	Introduction	9-1
9.2	Description of Environmental Values	9-14
9.3	Potential Impacts and Mitigation Measures	9-17
9.4	Summary	9-29
10.	Waste	10-1
10.1	General Waste Management	10-1
10.2	Mine Waste	10-28
11.	Transport	11-1
11.1	Introduction	11-1
11.2	Description of Existing Situation	11-3
11.3	Potential Impacts and Mitigation Measures	11-15
11.4	Summary	11-32

12.	Hazard and Risk	12-1
12.1	Introduction	12-1
12.2	Project Hazards and Risks	12-8
12.3	Risk Management	12-55
12.4	Public Health and Safety	12-63
12.5	Summary	12-63
13.	Environmental Management Plan (Mine)	13-1
13.1	Introduction	13-1
13.2	Project Description	13-3
13.3	Environmental Management Framework	13-8
13.4	Roles and Responsibilities	13-11
13.5	Legal and other Obligations	13-17
13.6	Performance Outcomes and Indicators	13-26
13.7	Corrective Actions	13-26
13.8	Training, Competency and Awareness	13-27
13.9	Communication and Reporting	13-33
13.10	Documentation, Document Control and Records	13-34
13.11	Work Permits	13-34
13.12	Monitoring and Reporting	13-35
13.13	Reviews	13-39
13.14	EMP Reviews	13-40
13.15	General Environmental Authority Conditions	13-40
13.16	Air Quality	13-44
13.17	Greenhouse Gas Emissions	13-55
13.18	Noise and Vibration	13-62
13.19	Surface Water	13-70
13.20	Groundwater	13-117
13.21	Mine Waste Management	13-134
13.22	General and Hazardous Waste Management	13-142
13.23	Terrestrial Ecology	13-154
13.24	Aquatic Ecology	13-163
13.25	Scenic Amenity	13-169
13.26	Erosion and Sediment Control	13-171
13.27	Contaminated Land	13-177
13.28	Soil Resources	13-187
13.29	Aboriginal Cultural Heritage	13-196
13.30	Non-Indigenous Cultural Heritage	13-199

13.31	Subsidence Management	13-202
13.32	Emergency Management and Response	13-209
13.33	Community	13-213
13.34	Rehabilitation and Closure	13-215
14.	Environmental Management Plan (Off Site)	14-3
14.1	Introduction	14-3
14.2	Project Description	14-5
14.3	Environmental Management Framework	14-10
14.4	Roles and Responsibilities	14-13
14.5	Legal and other Obligations	14-18
14.6	Performance Outcomes and Indicators	14-27
14.7	Corrective Actions	14-27
14.8	Training, Competency and Awareness	14-28
14.9	Communication and Reporting	14-32
14.10	Documentation, Document Control and Records	14-33
14.11	Work Permits	14-33
14.12	Monitoring and Reporting	14-34
14.13	Checks and Inspections	14-35
14.14	Audits	14-35
14.15	Reviews	14-38
14.16	Air Quality	14-40
14.17	Greenhouse Gas Emissions	14-45
14.18	Noise and Vibration	14-49
14.19	Surface Water	14-54
14.20	Groundwater	14-61
