

ENVIRONMENTAL IMPACT STATEMENT

RED HILL
MINING LEASE

Appendix C
List of Approvals

List of Approvals

Legislation	Requirement	EIS Section
<i>Environment Protection and Biodiversity Conservation Act 1999</i> (EPBC Act)	Approval required to carry out a 'controlled action' and to authorise the environmental impacts of the project on matters of national environmental significance	Section 1.8.1
<i>EPBC Act Environmental Offsets Policy</i>	The project will be subject to the <i>EPBC Act Environmental Offsets Policy 2012</i> . A specific biodiversity offset strategy for the project will be developed utilising the <i>EPBC Act Environmental Offsets Policy 2012</i> as guidance.	Section 9.1.4
<i>Native Title Act 1993</i>	The EIS study area is subject to a number of active Native Title claims and contains lands where registered Aboriginal parties can claim Native Title (leasehold land).	Section 1.13.2
<i>State Development and Public Works Organisation Act 1971</i>	Coordinator-General's report evaluating the EIS and any conditions that may be imposed in this report.	Section 1.8.2
<i>Environmental Protection Act 1994</i>	Issue of an environmental authority (mining lease) will be required for the proposed mine. Conditions pertaining to this approval will be contained in the Coordinator-General's report prepared under the <i>State Development and Public Works Organisation Act 1971</i> . Additional approvals may be required in relation to management of contaminated soils.	Section 1.13.3.2 Section 5.1.3.3
<i>Mineral Resources Act 1989</i>	Grant of mining lease over the following areas covered by mine lease application (MLA) 70421: <ul style="list-style-type: none"> • exploration permit (coal) (EPC) 554; and • mineral development licences (MDL) 307 and 358 	Section 1.13.3.3 Section 5.1.3.2 Appendix F1
<i>Sustainable Planning Act 2009</i> (SP Act)	Building works approvals within mine lease areas Please note - where project infrastructure and development activities are proposed off-lease (outside of ML areas), the provisions of the SP Act may apply and compliance with the suite of legislative provisions, plans and policies will be required.	Section 1.13.3.4
<i>Nature Conservation Act 1992</i>	Interference with species listed under the Nature Conservation (Wildlife) Regulation 1994 requires a permit.	Section 1.13.3.5 Section 9
<i>Water Act 2000</i> (Water Act)	The following activities are subject to approval requirements under the Water Act: <ul style="list-style-type: none"> • water course diversions (not including subsidence); • taking and interfering with groundwater; • taking or interfering with water; and destroying vegetation, excavating or placing fill in a watercourse (except where in accordance with WAM/2008 3435, Guideline – Activities in a Watercourse Lake or Spring Associated with Mining Activities.	Section 1.13.3.6 Section 7 Section 8
<i>Aboriginal Cultural Heritage Act 2003</i>	Agreement and registration of cultural heritage management plans over the EIS study area, prepared in conjunction with relevant Aboriginal parties.	Section 1.13.3.7 Section 16.2.3.5

Legislation	Requirement	EIS Section
<i>Transport Infrastructure Act 1994</i>	Approval is required to work in, or interfere with, a state-controlled road, including transport of over-dimensional loads.	Section 1.13.3.9 Section 14
<i>Strategic Cropping Land Act 2011</i>	A Strategic Cropping Land (SCL) protection area does not overlay the EIS study area. Any impacts to potential SCL outside of SCL protection areas require a SCL compliance certificate to be obtained if potential SCL is to be disturbed.	Section 1.13.3.10 Section 5.1.8.3 Section 5.3.3.3
<i>Petroleum and Gas (Production and Safety) Act 2004</i> <i>Mineral Resources Act 1989</i>	Approval, licences and/or consents may be required to obtain, or to utilise gas collected as part of the project.	Section 1.13.3.11
<i>Land Act 1994</i>	Permits are required for the occupation of a reserve, road or unallocated state land.	NA
<i>Explosives Act 1999</i>	Licence is required to use, possess, store and transport explosives.	Section 1.13.3.13
<i>Fire and Rescue Services Act 1990</i>	Requirements for buildings and storage of dangerous goods in relation to fire safety. A certificate of compliance is required if a workplace is located more than one floor above ground level.	Section 1.13.3.14
<i>Land Protection (Pests and Stock Route Management) Act 2002</i>	Weed management The EIS study area contains weeds of national significance (WONS), in which case the project must follow the relevant national management strategies. Stock route Management The Act will only be triggered if the alignment of the Red Hill Road Stock Route is impacted during the construction, development or operation the project.	Section 1.13.3.15
<i>Local Government Act 2009</i>	The Act provides local governments with the power to enact and enforce laws within the relevant local government area. These laws usually relate to the protection of amenity or other values important to communities including local roads, noise, light, waste management, vegetation, animals, parks and fencing. The project will need to be carried out in accordance with relevant local laws within the local government areas subject to the project.	Section 1.13.3.15
<i>Coal Mining Safety and Health Act 1999</i>	Requires operators of coal mines to undertake a range of measures in relation to risk identification, planning and management to ensure safety of workers.	Section 20
<i>Transport Operations (Road Use Management) Act 1995</i>	Requirements for the transportation of dangerous goods.	Section 20

Legislation	Requirement	EIS Section
<i>Electricity Act 1994</i>	<p>Approval / notice may be required for:</p> <ul style="list-style-type: none"> an internal distribution network constructed and operated to supply electricity generated; work likely to come into contact or disturb overhead powerlines, soil or other material supporting or covering the entities work; and <p>electricity works if that work is likely to interfere with soil, vegetation, sewer, drain or tunnel, temporarily stop or divert traffic or a publicly controlled place.</p>	NA
<i>Plumbing and Drainage Act 2002</i>	Required for any on site sewerage systems, toilet and shower facilities	NA
<i>Building Act 1975</i>	Required for 'assessable development', where the structure or building work is of a fixed nature.	NA
<i>Food Act 2006</i>	Required to carry on a licensable food business. However, a licence will not be required where a third party operates the food business.	NA
<i>Liquor Act 1992</i>	Required to sell liquor. However, a licence will not be required where a third party operates the premises selling liquor.	NA
