

Appendix 15-C. Groundwater level data from DERM database

Bore registered number	Interpretation of aquifer screened by bore	Date of earliest groundwater level measurement	Date of most recent groundwater level measurement	Number of individual groundwater level observations	Duration of period of observation (years)	Reference point elevation (m AHD)	Ground level elevation (m AHD)	Value of most recent depth to groundwater (m bgl)	Value of minimum depth to groundwater (m bgl)	Value of minimum groundwater elevation (m AHD)	Value of maximum depth to groundwater (m bgl)	Value of maximum groundwater elevation (m AHD)	Maximum observed range of groundwater level fluctuation (m)
