

4 GEOLOGY AND SOILS

4.1 INTRODUCTION

This chapter provides responses to submissions received on the Queensland Curtis LNG (QCLNG) Project draft environmental impact statement (EIS) related to geology and soils of the Gas Field Component.

Where changes to the project description, as detailed in *Volume 2, Chapter 7* and *Chapter 11*, have impacted geology and soils, these impacts, and measures to mitigate impacts, are described.

4.2 RESPONSES TO SUBMISSIONS

No submissions were received on the Project's impacts on geology and soils.

4.3 CHANGES TO PROJECT DESCRIPTION

Changes to the Project description do not result in a change to the assessment of the impacts on geology and soils.
