

6 LAND CONTAMINATION**6.1 RESPONSE TO SUBMISSIONS ON DRAFT EIS**

No submissions specifically relating to the Queensland Curtis LNG (QCLNG) Project's LNG Facility land contamination, as described in Project draft environmental impact statement (EIS) *Volume 5, Chapter 6: Land Contamination*, were received.

6.2 AMENDMENTS TO BASELINE AND UPDATE OF IMPACTS

The assessment of land contamination as applicable to the LNG Facility and Curtis Island pipeline route as described in *Volume 5, Chapter 6* of the draft EIS remains valid.
